Senate President Sharon Carson Applauds New Hampshire Being Ranked #1 as the Safest State in the Nation

CONCORD, NH – Senate President Sharon Carson (R-Londonderry) issued the following statement on the US news report ranking New Hampshire as the safest state in the nation:

“New Hampshire remains the First in the Nation for safety. I am proud of the work my colleagues and I have done in protecting our communities and keeping public safety a top priority in New Hampshire.

The US News report shows New Hampshire is ranked the #1 state for public safety and #2 in overall rankings. However, we must work to keep the Granite State as the safest state in the nation. Passing our pro-public safety package, including banning sanctuary cities, cracking down on reckless driving, and implementing mandatory minimums for distributing illegal drugs, will help do just that. The message is clear: New Hampshire will keep our communities safe by being tough on crime. That will ensure we keep our New Hampshire Advantage.”
