### Senate Bans Landgrabs From U.S. Foreign Adversaries

**CONCORD, NH** – Senate Majority Leader Regina Birdsell (R-Hampstead) issued the following statement today on the introduction of SB 162-FN:

“Adversaries of the United States have purchased land in many states across the country but that should not be allowed in the Granite State. This bill puts a stop to China, Russia, Iran, Syria, and North Korea from overreaching and purchasing land on or within 10 miles of any of New Hampshire military installations. We are protecting Granite Staters by preventing enemies of the United States from setting up shop here. New Hampshire is home to countless organizations that supply our military, and they should never have to worry about foreign intrusion near their base of operations.”

**Background:** SB 162-FN stops foreign governments from being able to purchase property on or near New Hampshire military installations. Senator Birdsell is the prime sponsor.
