Senate Republicans Support Public School Choice

Concord, NH — Senator Tim Lang (R-Sanbornton) released the following statement after Senate Republicans passed SB 101-FN, authorizing parents to enroll their children in any public school in state, today on a 14-10 vote:

“We consistently hear from Senate Democrats how they want the best for our students. Yet, when given the chance to open more educational pathways within our traditional public schools, we are met with resistance. Democrats can no longer credibly claim to be the party of choice when the only option they support is traditional public education—an approach that continues to fall short despite record levels of funding directed to towns and municipalities. Republicans will continue seeking ways to empower Granite State families and give them the educational opportunities they deserve.”
